Professional Summary

Data Analyst, Alteryx Developer and Power BI Developer with 4+ years of experience delivering enterprise analytics, ETL automation, Billing reporting, invoice reconciliation and business intelligence solutions. Experienced with Alteryx Designer, SQL, Python, Pandas, Power BI, DAX, Power Query, GCP BigQuery, REST APIs and Excel automation. Delivered 16+ Alteryx workflows, 8+ Batch Macros and 20+ Power BI dashboards supporting finance, CEFR reporting, Billing analytics and enterprise reporting.

Technical Skills

ETL: Alteryx Designer, Alteryx Server, Batch Macros, Analytic Apps, Workflow Automation, ETL Development

BI: Power BI, DAX, Power Query, Semantic Models, Dashboard Development

Programming: SQL, Python, Pandas, REST APIs, Excel Automation

Cloud: GCP, Google BigQuery

Domain: Billing, Bill Processing, Invoice Reconciliation, Financial Reporting, CEFR Reporting

Key Achievements

- Delivered 16+ Alteryx Designer workflows integrating SQL and GCP BigQuery for enterprise reporting.
- Built 8+ reusable Batch Macros accelerating ETL delivery.
- Developed 20+ Power BI dashboards using DAX and Power Query.
- Reduced manual reporting effort by 40% through workflow automation.
- Automated reporting with Python, Pandas and APIs saving approximately 18 hours/week.

Education

B.Tech, Electronics and Communication Engineering
Vellore Institute of Technology

Professional Experience

Genpact | Senior Consultant

Feb 2026–Present

- Developed enterprise Alteryx Designer ETL workflows integrating SQL, GCP BigQuery and finance data, saving approximately 18 hours per week through automation.
- Built reusable Batch Macros and metadata-driven frameworks improving scalability and reducing development effort.
- Developed executive Power BI dashboards using DAX and Power Query improving Billing visibility and KPI reporting.
- Automated Excel reporting using Python, Pandas and REST APIs improving reporting consistency.
- Designed SQL validation, Billing reconciliation and invoice quality frameworks supporting CEFR reporting.
- Optimized Alteryx workflows and SQL processing for production deployments.
- Collaborated with finance stakeholders to deliver scalable analytics solutions.

Tibil Solutions | Alteryx Developer

May 2022–Feb 2026

- Developed 16+ Alteryx Designer workflows and 8+ Batch Macros reducing manual effort by approximately 40%.
- Delivered 20+ Power BI dashboards supporting finance, Billing and operational analytics.
- Built numerous SQL queries for ETL, Billing validation and invoice reconciliation.
- Automated Excel reporting using Python, Pandas and APIs improving productivity.
- Integrated GCP BigQuery, SQL and Excel data into enterprise ETL pipelines.
- Implemented automated reconciliation improving Billing data quality.
- Published Power BI semantic models and scheduled refreshes.

Enterprise Projects

OTIS – Financial Reporting & Billing Automation

- Designed Alteryx Designer ETL architecture integrating SQL and GCP BigQuery.
- Built reusable Batch Macros and Analytic Apps.
- Automated Billing, Bill processing and invoice reconciliation.
- Developed executive Power BI dashboards with DAX and Power Query.
- Automated Excel reporting using Python, Pandas and APIs.
- Implemented validation and audit frameworks supporting CEFR reporting.
- Optimized workflow performance and deployment reliability.
- Collaborated with finance stakeholders to deliver production-ready BI solutions.

US Bancorp – Finance Transformation

- Developed Power BI dashboards for executive reporting.
- Built Alteryx workflows for ETL automation.
- Created SQL reporting and reconciliation solutions.
- Leveraged Python automation for recurring reports.
- Integrated GCP BigQuery into reporting pipelines.
- Built validation frameworks improving reporting accuracy.
- Supported Billing analytics and financial reporting.

Certifications

Alteryx Designer Core Certified ▪ SQL (Basic & Intermediate) ▪ Power BI Certifications

Availability

- **Current Location:** Bengaluru, Karnataka, India
- **Notice Period:** Serving Notice Period
- **Last Working Day (LWD):** 11 Aug 2026
- **Available to Join:** 12 Aug 2026
- **Relocation:** Open to Relocation across India
- **Work Preference:** Open to On-site, Hybrid and Remote opportunities
